LC §4453(b) does not provide for increase in permanent partial disability based on SAWW. Permanent partial disability payments are based on 2/3 of AWW, within the limits noted above and based on date of injury.

Permanent Disability Table Notice

LC §4658(d)(2) requires employers with more than 50 employees increase PD payments made after 60 days from P&S by 15%, if no offer of appropriate work is made. The PD Tables on the previous pages assume the payment for the ninth week is the first payment after the 60 days. The first eight weeks are not increased in any of the calculations.

LC §4658(d)(3) requires all employers to reduce PD payments by 15% for all payments made after an appropriate work offer. The PD Tables on the previous pages assume an appropriate work offer is made prior to the first payment.

(The 15% plus or minus applies only to dates of injury from 1/1/05 to 12/31/12.)
