☐	RATING ONLY: <i>Rating based on the doctor's WPI assessments. Apportionment applied. Corrections applied consistent with DEU practices: errors reading values from Figures and Tables in the Guides; math errors; combining errors.</i>	\$250/hr
☐	RATING WITH ANNOTATION: <i>Rating based on the doctor's WPI assessments. Corrections applied consistent with DEU practice: errors reading values from Figures and Tables in the Guides; math errors; combining errors. Apportionment applied.</i> ANNOTATION: <i>a brief discussion of potential issues with the doctor's assessment of WPI, based on our review of documented clinical findings from the doctor's report. This Annotation service reports potential areas of WPI inflation (or potential understatement of WPI) without the time and expense of a full analysis.</i> ONE set of ratings strings will be provided based on the doctor's recommendations consistent with DEU practices.	\$250/hr
☐	FULL ANALYSIS: <i>Review of doctors' reports, DEU Ratings, Deposition preparation, Almaraz/Guzman Analysis, etc. Full, in-depth analysis of reporting; critical review of the Guides instructions and the doctor's report documentation.</i> Detailed review and discussion of each impairment assessment offered by the doctor. Medical report supporting documentation of clinical findings correlated with instructions, Figures, and Tables in the Guides; applicable instructions from the Guides referenced. TWO Sets of Ratings Provided: 1) based on the doctor's recommendations; 2) our recommendations based on our critical review. Please select whether full analysis is being requested on subsequent injury impairment and/or pre-existing impairments. ☐ Subsequent injury ONLY ☐ Pre-existing injuries ONLY ☐ BOTH subsequent and pre-existing injuries	\$250/hr
